

Pop Up Street Furniture

Keeping Your Patronage Safe!

Designed to enhance the local area and support residents, businesses and visitors, Domain Road Pop-Ups enhanced green spaces is a great place for family and friends to come together to eat, relax and enjoy the surrounds safely.

Australian Bollards, a division of the NJM Group provides a turnkey solution incorporating planning, permits, design, manufacturing, delivery, installation and maintenance and is compliant with all government requirements and needs. Our range of Pop Up solutions emphasise a soft approach to hard security.

Perfect for quick and effective deployment at a moment's notice, with permanent and leasing options available, our pop-up street furniture is ideal for outdoor dining, public and street events, celebrations, sports games, markets and seasonal gatherings.

Australian Bollards can provide pop-up street furniture that suit the aesthetics and theme of your event. Australian Bollards also creates a safe environment for diners, pedestrians and shopfronts with our AB-EAB Energy Absorbing Bollards. These safety bollards form an ideal partner when combined with our range of Pop-Up Street Furniture to provide the ultimate solution to safeguard sidewalks, laneways and pedestrians.

Our EAB system, compliant with all Australian road authorities, is capable of halting vehicles from crossing footpaths, laneways and streets to protect diners and pedestrians. This ensures that our Pop Up solution range offers the very best in asset protection and public safety.
